Non-GMO declaration

Chicosem declares that all varieties in its range have been obtained without use of techniques intended for genetic modification which, according to current beliefs, lead to genetically modified organisms subject to authorization and to which Directive 2001/18/EC of the European Parliament and of the Council of 12 March 2001 on the deliberate release into the environment of genetically modified organisms applies. In view of the fact that the cultivation of approved GM plants by third parties in seed production areas cannot be excluded, it is not possible to entirely prevent the accidental presence of GM material and to guarantee that a delivered seed batch is free from any traces of GM plants.

This declaration is valid in the year of issue.

Chicosem BV

A handwritten signature in blue ink, appearing to be "LGM Heslen", written over a blue horizontal line.
